nexDimension®

Powering
A NEW PERSPECTIVE ON INFORMATION^{SM}

Just as Microsoft invests in its products to make them more reliable & scalable for businesses, it also ensures that the best partners in the industry are pre-pared to deliver the technology solutions businesses need most.

nexDimension Technology Solutions has a single vision: We provide solutions that make our clients more efficient, agile, competitive and profitable. We do this by supporting and promoting the optimal use of corporate performance management, business intelligence and ERP solutions.

The competencies we have earned – Microsoft Business Solutions including Enterprise Resource Planning (ERP) and Customer Relationship Management (CRM) capabilities; Data Management; Business Intelligence; and SOA and Business Process – allow us to best meet your specific organizational goals.

As a Microsoft Gold Certified Partner, we are among the elite of Microsoft's business partners, earning their highest endorsement. We have the knowledge, skills and commitment to help you implement technology solutions that match your exact business needs. We'll help you turn powerful technology into a competitive advantage, giving you superior results.

NEXDIMENSION TECHNOLOGY SOLUTIONS
THE BRIDGE BETWEEN TECHNOLOGY AND BUSINESS

As a Microsoft Gold Certified Partner, nexDimension has passed the highest level of requirements from Microsoft. The Gold designation means we have demonstrated the most robust, efficient and scalable implementations of Microsoft technologies.

NEXDIMENSION TECHNOLOGY SOLUTIONS HAS NOTABLE EXPERTISE

Microsoft Business Solutions – We have proven expertise in designing and implementing enterprise resource planning (ERP) and customer relationship management (CRM) capabilities using Microsoft's financial, Dynamics, CRM and supply chain management solutions.

Data Management Solutions – We specialize in end-to-end data management reporting and analysis solutions based on Microsoft technologies, including Microsoft SQL Server, Windows Server and Microsoft Office System client tools. We also have also proven expertise in implementing solutions focused on delivering migration tools and services, database administration tools and services, and performance tools using SQL Server technology.

Business Intelligence – We specialize in the Microsoft Business Intelligence Platform and Performance Management and are fully equipped to help customers leverage the data they're already collecting to build more effective business strategies.

SOA and Business Process – We have proven proficiency in implementing and deploying integrated, interoperable and agile solutions that connect information, systems, people and processes.

GET YOUR SOLUTION FROM A MICROSOFT GOLD CERTIFIED PARTNER

We share the risk with you, from budget accountability to project completion timelines. You can rely on us as an 'advisor' or 'implementer' on your projects – to augment your existing IT staff with specific skills to implement changes and new solutions. We have proven experience on the latest technologies when we walk through your door, so we don't need to "learn on the job" – which minimizes your time to market and maximizes your ROI in Microsoft technology.

ABOUT NEXDIMENSION TECHNOLOGY SOLUTIONS

nexDimension Technology Solutions provides the most focused, comprehensive and cost-effective corporate performance management, business intelligence and ERP solutions available to emerging and enterprise businesses.

When you partner with nexDimension you are partnering with a trusted business advisor. We pride ourselves on knowing our clients and our extensive knowledge of the software we recommend and implement. Our staff includes financial, business and technology experts, including CPAs, former CFOs and controllers, computer specialists, software developers, and implementation consultants. Every member of the nexDimension team is dedicated to providing the depth and quality of service to meet your needs.

At nexDimension, we go beyond providing and implementing solutions. We understand that the investments you make today in business applications and technology will have an impact on your business tomorrow. We guide you to a future powered by a new perspective – one that makes you more efficient, agile, competitive and profitable.
